

By car

The Giardino Verde is only a stone throw away from Zurich. It can be reached from Zurich via Triemli, from Berne/Basel on the A4, exit Urdorf south, or from St. Gallen on the A1/N4, exit Uitikon. 80 parking spaces are available.

By public transport

Zurich's main train station can be easily reached from all cities in Switzerland. You then continue with Tram no. 14 up to the last stop at Triemli. From there the coach 215 or 245 is waiting and takes you to the Uitikon Waldegg stop, resp. Schlössli. The Giardino Verde is a 10 minute walk away.

Alternatively you can take the city train. The S9 and the S15 run to Birmensdorf every 15 minutes. A shuttle service from the station to Giardino Verde can be quickly organized.

Location

The Giardino Verde in Uitikon Waldegg is not only unusual, but also centrally located. Thanks to the new west by-pass around Zurich the plant paradise can be reached comfortably by car from all directions on the A3/A4/N4. You can also travel directly to us using public transport.

Uitikon Waldegg - located on the west slope of the Uetlibergs - is embedded in a natural landscape. Despite its close proximity to the city of Zurich, the area offers an idyllic rural ambience. The ideal place for the tropical greenhouses of Giardino Verde. Because plants feel best in the midst of an environment that is close to nature.
